

OPEN-HOUSE : EVENT AND PROGRAMME

DEAR SIRs,
 WE ARE GLAD TO INFORM YOU THAT ON **WEEK 51 (FROM 14TH TO 18TH DECEMBER)** WE WILL ORGANIZE AN OPEN HOUSE, WHERE THERE WILL BE THE OCCASION TO SEE THE FOLLOWING MACHINES IN WORKING CONDITIONS:

1 VERTICAL TAPING LINE WITH 2 TAPING HEADS

Vertical taping line for mica tape with 2 columns, each equipped with a mechanical taping head suitable for 400 mm pads,

with pay-off for DIN 630 mm reels and take-up for DIN 1000 mm reels.

1 VERTICAL TAPING LINE WITH 1 TAPING HEAD

Vertical taping line for mica tape with 1 column with pay-off and take-up for DIN 800 mm. The line is equipped with a double motorized taping head suitable for cross wound spools

having diameter 300 mm and height 120 mm, and dancer for direct tensioning of the tape through electronic control.

1 SINGLE TWISTING MACHINE

Single twisting machine suitable for DIN 1000 mm reels.

In the final design, this Single twisting machine is planned for having 3+3 couples of high performances concentric backtwisting DIN 630 mm pay-offs, together with a central concentric DIN 800 mm pay-off.

1 HORIZONTAL TAPING LINE WITH 2 TAPING HEADS

Horizontal taping line for mica tape with taping module, equipped with a mechanical taping head

suitable for cross wound spools having diameter 230 mm and height 100 mm, and a double motorized taping head for cross wound spools having diameter 300 mm and height 120 mm, with pay-off and translating take up for reels DIN 630 mm.

1 BACKWIST CONCENTRIC PAY-OFF

Double reel back twist concentric pay-off suitable for 2 DIN 500 mm reels to feed any single twisting machine.

WE WISH TO WELCOME YOU AT OUR FACTORY.
 PLEASE FEEL FREE TO CONTACT US AT ANY TIME FOR ANY FURTHER INFORMATION YOU MAY NEED.
 BEST REGARDS,
